To Sponsorship opportunities for Businesses on Cape Cod

Oasis Brewster is a Social Club for Elders in Barnstable County that has been offering a program under the hospice of Historic Sea Captain Foster, a plush and lovely property in Brewster.

The plan is to make a Public Service Announcement regarding the benefits of living at home, supported by many researchers in the field. It will also announce the formal opening of the program publicly and will be running on the radio during the next few months.

We want to invite local businesses to take this opportunity to sponsor this Public Service announcement and join their name to a good cause affecting the largest segment of the population in Barnstable County. I'm sharing a presentation of this program here.

Sincerely yours,

Nicolette Asselin  
Director  
Oasis Brewster
